

Product Overview : Flexible Metal Overbraided SUS304

- **Material** : Metal / Stainless Steel 304
- **Style** : Squarelocked
- **Protection Degree** : IP40
- **Working Temperatures** : -50°C to 300°C
- **Application** : Most suitable for use in Hazardous location industrial environments and high temperature such as welding machines and meta casting machines. Also for industrial environments where higher abrasion resistance or screening are required.

Product Model	Flexible Size	Inner Size	Outer Size	Bend Radius	Qty/Bag (m.)
SB007	1/4"	8.5	11.45	60.0	100
SB008	5/16"	10.5	14.15	70.0	50
SB010	3/8"	12.5	16.45	70.0	50
SB011	1/2"	16.0	20.65	90.0	50
SB012	3/4"	20.0	25.45	110.0	50
SB013	1"	25.0	31.15	150.0	50
SB014	1-1/4"	32.5	38.65	175.0	25
SB015	1-1/2"	38.5	45.65	200.0	25
SB016	2"	50.5	59.45	230.0	20
SB017	2-1/2"	65.0	73.65	250.0	10
SB018	3"	76.0	84.65	300.0	10
SB019	4"	103.0	109.65	500.0	5

Product Overview : Flexible Metal Overbraided SUS304 Coat PVC

- **Material** : Metal / Stainless Steel 304 / PVC
- **Style** : Squarelocked
- **Protection Degree** : IP65
- **Working Temperatures** : -20°C to 90°C
- **Application** : Suitable for use in hazardous location industrial environments where higher abrasion resistant suitable for use in hazardous locations industrial environments where higher abrasion resistant.
